

Resorts World Las Vegas bets on UKG talent management

Client spotlight

- 1,100 employees
- Hospitality, gaming
- Las Vegas, NV

Client situation

- RWLV sought to deepen their usage of existing UKG solutions and get a best practice perspective on data integration
- They also wanted to implement the UKG performance and succession functionality

Solution

- Align started with a strategy engagement to optimize use of UKG
- The team then designed and configured the UKG performance and succession modules
- Lastly, Align's technical team updated, tested and delivered changes their 401K brokerage feed

Results

- RWLV now has the performance and succession modules configured and ready to launch
- They were given the tools to strategically launch at the optimal period of their business cycle
